# NOTE FROM NATE

PRESIDENT & CEO, VERMILLION AREA CHAMBER & DEVELOPMENT COMPANY

---

I am astounded and inspired by the amount of participation and engagement that our community members have displayed in the Vermillion NOW! 3 capital campaign. This participation demonstrates the investment of time, energy, and funds that have been given because of a desire to make the community we love an even better place to live.

To date, there have been 133 pledges made for this third installment of the Vermillion NOW! campaign, and they're still coming in. Of those pledges, 75 of those are first-time donors. The total number of pledges is indicative of a 29% growth in engagement from V-NOW! 2 to V-NOW! 3.

The progress that we have seen not only confirms the dedication of our community to Vermillion's success, but it serves as affirmation that we will continue to be a community that strives to provide everything we and our families will need in the future.

We often talk about how people "show up" and that participation by those people distinguishes our community from other communities. We don't just talk - we do!

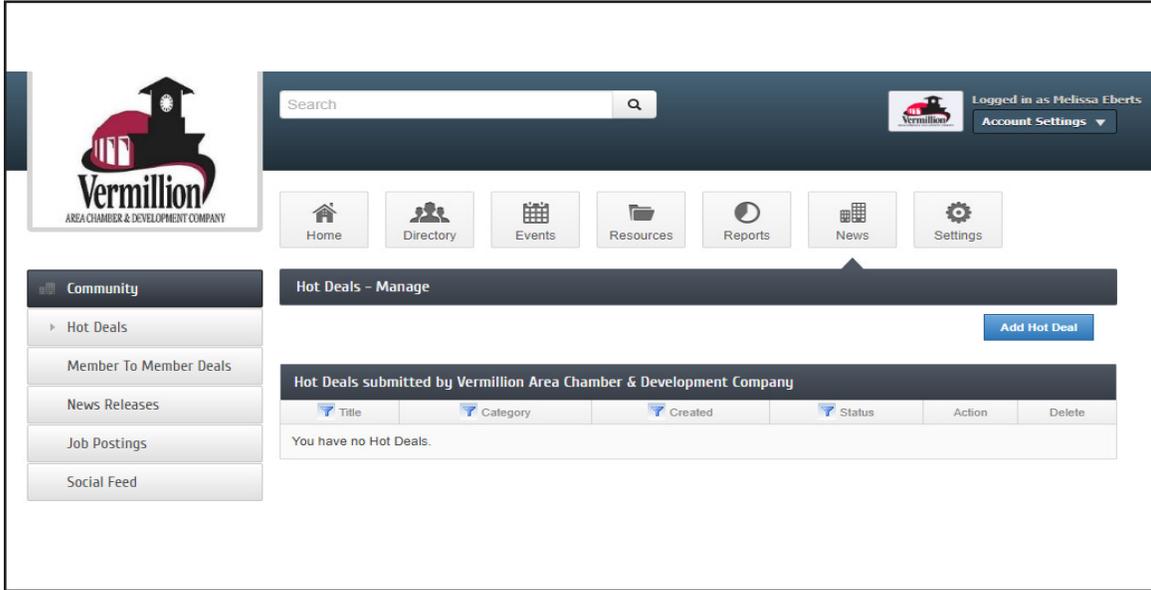

We bring ideas into fruition, and in doing so, we create a community where members can contribute meaningfully to its success. We create a community that feels like a family without biological relation. A community that doesn't only gather in celebration or in difficult times, but in support of one another.

What I see is that our community is showing up. There is an overwhelming dedication to the continued success and growth of Vermillion, and it makes me proud to be a citizen of Vermillion and hard to imagine calling anywhere else home.

Vermillion is distinguished from other communities because of the involvement and investment that its members continue to have. In doing so, we create a place well-suited for our families; whether you're planning to start one or have your roots here, you can feel confident in and believe in your community.

The ability to have true, genuine relationships and connections with your neighbor, your co-worker, other professionals in the community... that exists here. Where people show up.

# MEMBER PORTAL

As a Chamber Member, you have access to our online Member Information Center (MIC), which allows for a variety of opportunities, such as viewing/updating company information, paying bills, interacting with other members, submitting job postings, advertising specials, submitting events for the community calendar, and the ability to view statistical reports.

Under shortcuts, you have access to a tab called "hot deals." It is here that you can advertise sales, discounts, and anything else that you would like your customers and the community to know of. Extra exposure to these deals can help you reach a broader customer base.

# RED steakhouse

## RED

Red is undergoing some exciting changes. Customers can expect to see a gradual transition to a crisp, modern feel. Fresh paint has been applied. New flooring, lighting, wall paper, and window treatments are on the way. RED also has a new manager at the helm. Jason Thiel, former executive director of the Vermillion Cultural Association, has stepped back into his role as manager at RED. Jason joined the RED team in July of 2011. He left to help with renovations and revitalization at the Coyote Twin Theater in January of 2016.

---

## FYZICAL

On July 13th and 14th FYZICAL was honored to host one of the nation's leading specialists in pelvic health: Cindy Neville of Bonita Springs, FL. Over two days, the entire FYZICAL staff of PT's and PTA's refreshed their skills in pelvic health to heal a plethora of common problems. From postpartum symptoms to stress incontinence (the inability to stop leakage during various activities such as laughing, coughing and running), FYZICAL is here to help.

FYZICAL is equipped to perform internal and external pelvic exams. These exams are often necessary but usually overlooked which prevents the therapist from properly diagnosing pelvic floor dysfunction. The pelvic floor is a muscle just like any other and must be treated as such to stop bladder leakage, lower back pain and pelvic pain.

In the Vermillion clinic, physical therapists Gerad Robertson PT, Sarah Roob DPT, Cassandra Feske DPT, and Ruth Scott PT are the go-to pelvic health specialists. Their expertise can be requested if you or someone you know is experiencing bladder leakage, urgency, pelvic pain, low back pain, pelvic floor prolapse and/or weakness. It is recommended that you see a physical therapist prior to signing up for pelvic floor surgery. Most pelvic floor issues can be treated and healed very quickly with physical therapy. You will be happy with your results.

---

## LARRY'S HEATING AND COOLING

Larry's Heating and Cooling has a new store in Vermillion! Larry's Heating and Cooling started business in Yankton in 1982 and has been serving the Vermillion area from their Yankton location. Larry's thought they could provide customers with even faster service, convenience with filters and other parts, and a better peace of mind by having a brick and mortar store in Vermillion. They officially opened at 835 E Cherry St, Vermillion on June 19th, 2019. Randy Hammer with 106.3 did a live radio broadcast, Hecks BBQ served a free lunch, and had a wheel to spin for prizes. The new location had around 80 visitors that day. Thank you Vermillion for making us feel very welcomed!

---

## THE PUBLIC

Join the Vermillion Public Library at the Coyote Twin Theater for a one-time showing of "The Public," written and directed by Emilio Estevez, who stars in the film alongside Alec Baldwin, Jena Malone, Christian Slater, and Gabrielle Union. In this drama, an unusually bitter Arctic blast has made its way to downtown Cincinnati, and the public library plays host to an act of civil disobedience as a stand off ensues between the police and the homeless people seeking shelter from the bitter cold. Watch "The Public" for free on Saturday, September 14th at 1:00 pm. Sponsored by the Edith B. Siegrist Vermillion Public Library.

## CITY OF VERMILLION

City of Vermillion has added online, mobile and phone utility payment options to the currently offered Automatic Bank Payment, mail, drop box or in person payment options.

Customers can pay from anywhere, seven days a week, 24 hours a day. To pay, they can log onto [www.vermillion.us](http://www.vermillion.us), download the "PSN Payments" app from the App Store or Google Play or call toll-free (877-885-7968) to an automated phone payment service. Residents can make a credit card, debit card, checking or savings account payment. They can make an immediate payment or schedule a payment.

Credit card and debit card payments through the Payment Service Network are accepted in the Finance Office with the applicable fee.

By paying with any of the options provided by Payment Service Network (PSN) (online payment - checking/savings/credit card, phone payment or by smartphone or tablet) a fee will be charged.

- A \$1.00 fee is charged for checking/savings payments
- A fee of 2.75% of the total payment is charged for credit/debit card payments
- An additional fee of \$.50 will be charged if a payment is less than \$100

For example, if your utility bill is \$60.00 and you choose to pay online via credit card, the total payment charged to your credit card would be  $\$60.00 \times 2.75\% + \$.50 = \$62.15$ .

If you need assistance paying online, call PSN at 866-917-7368. If you have questions regarding the amount of your bill or need service, call the City Finance Office at 605-677-7056.

---

## CORTRUST BANK

### NAMED TOP BANK IN SOUTH DAKOTA BY FORBES MAGAZINE

CorTrust Bank has been named the top bank in South Dakota by Forbes Magazine. Part of the South Dakota fabric for almost 90 years, CorTrust Bank has locations in 16 South Dakota communities and 4 Twin Cities locations.

Forbes partnered with the market research firm Statista and surveyed more than 25,000 people in the U.S. about their banking relationships for the second annual look at Best-In-State Banks. Banks were rated based on customer recommendations and satisfaction, as well as 5 key areas including trust, terms and conditions, branch services, digital services and financial advice.

"Our commitment to our customers reaches beyond the monetary aspects and into the lives and communities in which we live, do business and raise our families," said Jack Hopkins, CorTrust Bank President and CEO. "Recognition by Forbes magazine shows specifically the great customer service and skills of our employees, and the impact they have in their communities. We are glad our customers see these qualities and continue to choose CorTrust Bank as their financial partner," stated Hopkins.

## CREATIVEBUG

The Vermillion Public Library is pleased to announce Creativebug is now available to our patrons for free! All you need is your VPL card and access to an internet-enabled computer or mobile device to begin enjoying unlimited access to over 1,000 online art and craft classes. Watch the classes anytime, anywhere. The classes never expire, so you can start and stop projects at your own pace. Classes include acrylic and watercolor painting, knitting and crochet, paper crafts, embroidery, cake decorating, jewelry making, and much more!

To access course material, patrons can visit <https://www.creativebug.com/lib/vermillionlibrary>. They will be prompted to create an account using their VPL library card number, which will then provide them with the ability to log in and start creating.

# ALL STAR

## GAME RECAP

As school let out, the VCDC was preparing to host another South Dakota High School All-Star Football Game. Seniors from across the state came to Vermillion to play in their last high school football game to show off their athletic talent. The VCDC partnered with Sanford along with local businesses to provide a unique and fun experience for the young athletes during their stay in town.

“FOR MOST OF YOU GUYS THIS WILL BE THE LAST TIME YOU LACE UP YOUR CLEATS SO ENJOY THE EXPERIENCE. MY WORDS OF ADVICE ARE; YOU BETTER BE READY TO WORK HARD. YOU BETTER BE READY TO SACRIFICE, YOU BETTER BE MENTALLY TOUGH, AND I’LL TELL YOU THIS - NEVER QUIT.”  
- JERAD HIGMAN OWNER OF RED AND MASABA

While in town, the athletes got to experience the very best of Vermillion. On the first night, they got to cool down at Prentis Plunge, Vermillion’s own waterpark. Along with practices, players participated in archery, capture the flag, a skills competition and attended the Annual All-Star Banquet.

Friday night, athletes listened to keynote speaker Logan Storley speak about his experience growing up in Webster, SD and his path to success. In high school Storley was a six-time state wrestling champion, then went

on to the University of Minnesota and became a four-time All-American.

“My coaches made a tremendous difference,” Storley said. “In high school they put me on the right path when I had problems.”

On Saturday the stands were packed as friends and family were excited to watch the All-Star

athletes in action. The Blue Team took a quick lead with 8 points in the first quarter. They continued their scoring streak until the fourth quarter with 44 unanswered points, then Red Team finally made it on the board with a touchdown. The final score

was 44-18, with the Blue Team winning for the 4th year in a row.

# GOLF

# SOCIAL

Over 100 Vermillion Chamber members gathered at the beautiful Bluffs Golf Course in mid June to take part in the Annual VCDC Golf Social.

Although the day started with some rain, the clouds soon cleared to reveal a perfect day to enjoy a good game of golf. Two teams started at each of the course's 18 holes. When they came around they were able to participate in a putting or chipping game for a chance to enter a raffle for some VCDC swag. At each hole was an opportunity to win a hole prize for a certain accomplishment, like a hole-in-one, the shortest putt, or the longest drive. The money raised by the golf social was put toward the Vermillion NOW! 3 capital campaign, whose ultimate goal is to raise \$1.725 million for the community of Vermillion.

# WHY VERMILLION? Q&A WITH SOME OF VERMILLION'S NEWEST FACES

Brian and Travis are originally from South Dakota but have lived in large cities like Minneapolis and more recently Chicago. The couple has lived in Vermillion this past year. Brian is an academic advisor for graduate students in the Beacom School of Business and Travis works for Google as a leader for the Change and Culture team for the Americas.

## WHERE ARE YOU FROM?

**BRIAN BOYENGA (B.B)** - I'm from Laverne, MN, it's about half an hour from Sioux Falls so I kind of grew up around the Sioux Falls area.

**TRAVIS HAHLER (T.H)** - I'm from Webster, SD and I moved here for college and then moved to Sioux Falls and then Minneapolis.

## WHAT INSPIRED YOU TO MOVE TO VERMILLION?

**T.H** It's a lot of different things. We met here in Vermillion, he worked for the university while I was still here finishing my degrees. I think for me, it's really close to family. Choosing Vermillion was one of those things where it felt like home for me, coming back to the place where I spent five years of my education. It's a great little town and it's close to family and it's so close to so many different things. We have so many friends here from both school and work and people who have moved here afterwards so that's a huge draw too. Most of our friends are here or come here often.

**B.B** I worked for USD before but I have never lived in Vermillion until now because I had lived in Sioux Falls. Then we moved to Minneapolis and Chicago so I never got the experience of living here. Our long term goal was eventually to be closer back home, and Vermillion was a really attractive destination to end up in because of the familiarity of a lot of the people here, our friends and the university, and the job opportunity for me, and of course being close to family.

## HOW ARE YOU WANTING TO GET MORE INVOLVED IN THE UNIQUE COMMUNITY OF VERMILLION?

**T.H** We've been involved with Vermillion Next

since the beginning of the year. Personally, the VCDC is something that I'm looking to get more involved in as we establish more of our roots here.

**B.B** I think this first year for me in town has been a learning process to discover just what opportunities are available. VCDC and Vermillion Next has been the easiest way to jump in. I'd love to get more involved in more community events. Thursdays On The Platz is one of my favorite things throughout the year. When we moved here last summer that was one of the first events we started attending and it was my favorite way to get to know people in the community.

## WHAT ARE SOME OF THE ASPECTS YOU REALLY ENJOY ABOUT THE COMMUNITY AND HOW HAVE YOU GROWN HERE?

**T.H** I have always loved Vermillion's downtown. It's so unique from any other downtown I've ever seen. Not many places have all of their unique bars and restaurants on one strip. There's that feeling of having so much choice once you're downtown. We'll stop at Carey's and have a beer or cocktail and then stop at Brickhouse to have some food and meet up with other people who happen to run into us. A lot of business owners in town have such a passion for their business. I just really love that people really like what they do here and they do a really good job. There's nothing in town that I look and think 'Oh that's mediocre.' Everyone puts in a lot of effort into what they do. I also love how the town changes sizes. During the school year it's 20,000 plus and during the summer it's 10,000 and that's when you don't want as many people there because you want to do things like the pool and you want to enjoy places you don't have too many people.

**B.B** If you move to a big city you're going there because it feels like there's a lot to do and a lot more options right there. But I would say towards the end of us living in Chicago, we really developed our favorite places. We realized those things aren't necessarily limited to Chicago, we could have those things anywhere. The fact that Vermillion does have such unique restaurants and a variety of those food options in a nice environment downtown was a huge draw to make us feel like we wouldn't be giving that up once we left a big city.

# Charlie's

## **PAUL PREISTER**

First Dakota National Bank is pleased to announce Paul Preister has joined the Ag lending team as Vice President, Ag Banking. He will work from the Bank's Vermillion office and serve Vermillion and Elk Point customers. Paul began his banking career at First Dakota as a college intern and as an Ag Lender for the Bank after graduation. During his time away from First Dakota, he has worked at various local banks as a Branch Manager, Regional Manager, and most recently as a Senior Relationship Manager. With his return to First Dakota, he brings a wealth of knowledge and experience in the banking industry. Paul lives in Vermillion with his wife, Jessica, and their three children.

## **MEGAN O'NEIL**

SESDAC would like to congratulate Megan O'Neill on her recent promotion to Assistant Director of Services. In the short amount of time Megan has been with SESDAC she has transitioned from starting as a Direct Support Professional, then moved up to a Home Manager, and starting on April 26th she was promoted to Assistant Director of Services overseeing the operations of two group homes in Vermillion. Megan is married with three children. They spend a lot of time at sporting events during the summer. Megan enjoys baking, sewing, playing softball and volleyball. Congratulations Megan on your promotion!

## **MEGAN DAVIDSON**

The Vermillion Area Chamber & Development Company is excited to announce changes to its internal staffing. Megan Davidson has taken on the new role of Director of Strategic Communications & Tourism. Megan will be responsible for the management of VCDC communications, marketing, social media and related tourism for the Vermillion area. With an international background in communications, marketing, fundraising and event management, we are excited to have Megan take on her new role.

## MELISSA EBERTS

Melissa Eberts recently joined the Vermillion Area Chamber & Development Company as the new Executive Assistant. A USD Alumni and Vermillion resident, Melissa worked with the VCDC as a communications intern before accepting her new role. Melissa recently graduated from the University of South Dakota with degrees in English and Health Science.

## TRISTAN HARGENS

The Vermillion Area Chamber & Development Company also welcomes the new hire of Tristan Hargens as the new full-time Event & Marketing Coordinator. Tristan, an Arlington native, worked with the VCDC as an assistant event coordinator as part of the USD internship program. He is currently studying strategic communications and sports marketing & media at the University of South Dakota and will graduate in December.

## CHEYENNE CHONTOS AND TEGAN MCNARY

“Sage Project Consultants of Vermillion, SD and Sioux Falls, SD has recently hired two new Program Assistants - Cheyenne Chontos and Teagan McNary. Ms. Chontos holds a degree in Elementary Education from Augustana University. Ms. McNary holds a degree in Political Science and Criminal Justice from the University of South Dakota.”

# FROM THE GHAI R

As we continue the third campaign for Vermillion NOW!, I cannot help but think about all of the exciting changes that will be possible, with the support of our Chamber and community members. These are changes that will improve the quality of life for my family, and for yours. We all want to live somewhere where we feel supported, and that, no matter what the need may be, there are resources around us to fill them. We need safe spaces to live and raise our kids. We need a sound infrastructure and easy access to the hubs of activity in our community. Being a wife and a mother, I need the peace of mind that my community can provide what I need to support a healthy and happy family.

I have lived in Vermillion for many years. During that time, I've had the pleasure to see first-hand the progression toward the community I am part of today, and I can continue to look forward to the changes that will be facilitated by the completion of the Vermillion NOW! 3 campaign.

Partnerships across Vermillion will continue to promote unique networks and opportunities to elevate the Vermillion area even further. Vermillion is an excellent community to raise our families because of the ample opportunities we and our children will receive.

This is a place where I know my daughter can reap every benefit from - with the University of South Dakota here, she can receive the highest level education from the best, most dedicated faculty and staff. When she graduates from college, the workforce in Vermillion will be prepared to provide her with opportunities to further expand her scope of experience and practice. There will be a place for her to live and amenities to support and fulfill her every need. These amenities are of the highest quality, from shops to restaurants, churches, libraries, parks and other outdoor activities. There is something to be said about Vermillion, and that is how easy it is to love living here.

# NEXT MEMBER SPOTLIGHT

The Vermillion NEXT Young Professionals network Leadership board recently revised their mission statement:

**“TO CONNECT, ENGAGE, AND DEVELOP YOUNG PROFESSIONALS IN THE VERMILLION COMMUNITY”**

The board similarly updated their values statement to:

**“INCLUDED, INVESTED, INVOLVED”.**

The Vermillion NEXT group is responsible for organizing the weekly UpNEXT Coffee Hour, Thursdays On The Platz and Leadership Vermillion. Additionally, NEXT members gather for monthly Third Thursdays for social networking. For more information on getting involved, visit LiveVermillion.com, and click on the Vermillion NEXT tab.

**VELOCITY**  
VERMILLION NEXT YOUNG PROFESSIONALS NEWS

Peterson is an Admissions Counselor for the University of South Dakota and has been involved in Vermillion NEXT for three years.

**WHAT IS YOUR NAME, AND WHERE CAN FOLKS FIND YOU MOST DAYS?**

**CONNOR PETERSON (C.P.)** - I'm mostly here, in Belvas. In the Fall it's different because I'm constantly traveling, but for the most part I'm on campus.

**HOW DID YOU FIRST BEGIN PARTICIPATING IN VERMILLION NEXT?**

**C.P.:** I don't really remember how I started honestly, but I've had a lot of friends along the way that were a part of it. So I was involved loosely at first and then just more and more of my friends that were involved in Vermillion NEXT so I was like, "I should actually do this."

**WHAT DO YOU THINK PEOPLE SHOULD KNOW ABOUT VERMILLION NEXT?**

**C.P.:** There are so many ways to make connections with Vermillion NEXT and so many events you can go to. It's a great way to be involved and meet other professionals in the area.

**WHAT DO YOU WISH TO ACCOMPLISH IN THE COMMUNITY, AND HOW DO YOU SEE VERMILLION EVOLVING?**

**C.P.:** I would like to play a part in expanding and building the young professionals here. It's always interesting to meet with incoming students because I like to point out that I moved here for college but I stayed here because I love Vermillion and want to be part of this community.

**WHERE DO YOU SEE YOURSELF IN FIVE YEARS? TWENTY YEARS?**

**C.P.:** I really don't know but I really like working in Admissions and recruiting for USD and it's also kind of recruiting for Vermillion as well, because people come here and they at least come for four years. So maybe I'll still be here, I might go back and get my Masters. In twenty years I honestly think we'll be here in Vermillion. I think we'll be Vermillion lifers.
